### MASTERTEC SPECIAL ARTICLES FOR REINFORCED CONCRETE CONSTRUCTION

article number:	100062
article group:	506 - Rundleiter-A4
GTIN:	4251689533419
customs tariff number:	72210010
material:	A4 according to DIN EN 62561-2
colour:	silvery

colour:	silvery
roll length:	approx. 50 m
pallet :	16 rolls
norms:	DIN EN 62561-2
	DIN 18014
tensile strength:	400 up to 730 N/mm <sup>2</sup>
specific resistivity μΩm:	≤ 0,80
weight/ m:	approx. 0,62 kg
safety aspect :	The Earthing straps do not contain any hazardous
	substances and pose no problems whatsoever in terms of
	handling and application. To the best of our knowledge, they
	contain no substances that are harmful to groundwater or
	could trigger health problems or allergic reactions to the
	installer. Nonetheless, we recommend that an appropriate
	level of hygiene is observed during application and that
	handsare washed as a basic rule before meals
Dimensions:	Ø 10 mm

#### **Basis**

All dimensions and information in this data sheet reflect the results of the laboratory tests that have been carried out. Deviations from the values determined by us under laboratory conditions are possible due to environmental and operating conditions beyond our control. The data in this data sheet only applies for the product delivered by us. The product data corresponds only to the specifications in Germany. Possible country-specific deviations are not taken into account here.

#### Lifetime

The useful life of buildings is designed for 50 years, and so are the products that are installed. However, this can be shortened by external influences. The expected lifetime of our products depends to a large extent on the installation location (e.g. buried installation, damp environment, offshore, etc.). In addition, there are external influences such as exposure to chemical influences (e.g. acids, aggressive media, aqueous solutions, industrial waste water, oils, etc.) and ambient temperatures / operating temperatures. Ultimately, no generally valid statement can be made about the guaranteed service life of our MASTERTEC products, as this depends on many parameters (use, environmental influences, installation requirements, safety regulations, etc.). To ensure safe operation, we recommend continuous testing of the product, as part of an operating and maintenance manual to be prepared by the customer in accordance with the safety requirements.

#### **Indication of law**

The technical information reflects our current knowledge of the product Round wire V4A Ø 10 mm-31 kg. It is intended only as information for users. As we do not know the envisaged applications and processing conditions, it is the responsibility of the user to carefully check that the product is suitable for the intended purposes. Due to the different components at the installation site and the working conditions in place there, MASTERTEC cannot provide any guarantee whatsoever for the result of the work. Claims arising from any legal relationship can only be recognised in the event of wilful intent or gross negligence, irrespective of the statements made here or advice provided verbally. In this case the user must prove that he has provided MASTERTEC in writing with all the information required to correctly assess the installation situation in good time. Subject to necessary product specifications or further
